ADDITIONAL PRODUCTION SUPPLIES AVAILABLE ON REQUEST

CUSTOM COLOR PAINTING FEES

\$125 per gallon of custom color paint. (Each wall takes 1 to 2 gallons)

\$150 messenger fee for custom color paint pick up.

Please note that any damage made to the wall surface will result in a \$200 recanvassing fee.

The rental cost includes the cost of repainting the walls white after the shoot, as well as set up and break down. If you are interested in having the walls painted a custom color, we can do that as well. We would just need the exact Benjamin Moore color that you would like to use.
